EARLY CHILDHOOD SCREENING

Lisle Community Unit School District 202 has an ongoing early childhood screening process. We are currently taking information for preschool screening to take place for the 2010-2011 school year. You may contact the district and request a questionnaire to be mailed to your home. If you would like additional information on our screening process and/or would like to request a questionnaire please call Kay Collins in the Student Services office at 630 493-8008. Once you have completed and returned the questionnaires to the district, early childhood professionals will review the information and notify you of the results.

The preschool screening is used to discover whether there are concerns about your child's development. If difficulties are detected through the screenings an extensive evaluation may be considered.

Who may be screened?

1. Do you live in Lisle Community Unit School District 202?
2. Is your child between the ages of 2 years 9 months to five years old and NOT eligible for kindergarten in the fall of 2010 (birthday after September 1)?
3. Do you have concerns about your child in any of the following areas?
Vision/Hearing, Speech and/or Language, Motor Skills, Social Skills, Cognitive/Thinking Skills

❖ If you answered yes to all three of the above questions, call the Student Services office 630 493-8008 to request information about our screening.

Preschool screening is not mandatory but all preschoolers are encouraged to participate.

If you have a question or concern about your child's development and your child is under 2 years 9 months, please contact Child and Family Connections of DuPage at 630 493-0400.
