

Second Grade News

2010-Mrs. Buschkopf's Class

Literacy: We have been focusing on reading non-fiction books about a variety of ocean animals...polar bears, sharks, turtles, etc.

Writing: We are currently finishing up our unit on biographies. After reading a selection of biographies, the students were paired up with a "biography buddy." They interviewed their buddy and then used the information to write a biography about that classmate. We are now publishing our books!

Social Studies/Science: We have many ocean projects in the works! Our Ocean Animal Poster Presentations will be given between now and Spring Break. We will also be creating drawings of sea turtles in the Computer Lab. These drawings will be used to iron onto our T-shirts.

Math: Our current topic is graphing. We are learning to make and read bar graphs and pictographs. We will spend some time learning about probability.

Reminders/Notes:

- Spring Break-March 29-April 2
- Monday, April 5-school resumes
- Friday, April 9-wear purple for citizenship
- April 5-9 - standardized testing
- April 12-16 - MAP testing and Book Fair
- Thursday, April 15-Second Grade Learning Fair at 7:00
- Friday, April 16-Author visit
