Schiesher Elementary School

Mrs. Hicks
Room 18

News in Mrs. Hicks' Room for the Week of August 30, 2010

Homeroom: I hope everyone had a nice weekend! Please remember to turn in your room party money and information this week.

Math: We will continue to work on graphing. We will use graphs to illustrate data that we have collected. There will be a quiz over graphing in the near future. When we have a quiz or test a note will be sent home explaining what will be on the test.

Language Arts: We will begin to work on reading strategies through a model called Reciprocal Teaching. Spelling will also begin this week. Please look for our spelling sort (list) in our take home folders and study at home for the test on Friday. In addition, we will begin our vocabulary study this week. A list of words will be sent home every Monday and there will be a quiz on Friday. Studying at home is important! Remember to turn in your reading log on Friday!

Science: We will continue to learn about simple machines this week. We will begin investigating cars and ramps.

Social Studies: We will begin to learn about Illinois. As we learn about Illinois we will study the geography, facts, recreation, and history of Illinois.

Other Reminders: Remember to check your assignment notebook each night and clean out your take home folder. These are two important tips that will help you stay organized. Also, visit the website for information throughout the year. This year is off to a great start!
