

IMPORTANT INFORMATION FOR 6TH GRADE BAND

You are now nearing the end of Standard of Excellence Book 1.

Please purchase **Standard of Excellence Book 2** at your earliest convenience. You will use this book in 6th grade band throughout this school year. Please purchase the **“Enhanced”** version as this contains the software program called iPAS. This is a great tool to make practicing more productive and enjoyable!

In addition to this book, you will also need to purchase **Warm-ups and Beyond** by Timothy Loest. This book is published by FJH Music Co. You will need to ask for the book that matches your instrument.

Both of these books are required for 6th grade band.
