

CURRICULUM

Both first and second grade students at Tate Woods attend music twice weekly for one-half hour. Music classes meet or exceed national standards for early-elementary music and focus on fundamental skills such as beat, rhythm, pitch, tempo, dynamics, introduction to notation and form, and developing an understanding of proper behavior during a stage performance.

This year, we will present a First Grade Holiday Performance at Lisle Junior High School on December 9, 2008 and a Second Grade Winter Performance at Lisle Junior High School on February 3, 2009.
