

## DRESS CODE

Students are expected to come to school looking clean and neat and dressed in a manner which is accepted as being in good taste. Hair styles (male and female) that create problems of health and sanitation, obstruct vision, or are designed to call undue attention to the individual are not well accepted.

Students should be attired in clean and seasonably appropriate clothing free from holes and suggestive, obscene, slanderous, or violent slogans, remarks, or pictures. Clothing and jewelry which promote the use of sale of alcoholic beverages or unlawful substances or encourage attitudes that are immoral or unethical are not to be worn at Lisle Junior High School. Pajamas and other sleepwear are also not acceptable for school. The necklines and /or armholes of tops must not be immodest or too revealing. All tops must completely cover the entire shoulder, midriff, and waistline areas. Shorts, skirts, and slacks must rest on the natural waist. The length of all skirts and shorts must come to a point on your leg where your arm and hand naturally extend. No undergarments should be visible. Furthermore, students are to remove their hats and all other head wear at the time they enter the school until the time they leave school at the end of the day. Jackets and coats are not to be worn during the school day. Due to the potential harm that dog/choke chains and wallet chains may cause, students are not permitted to wear such items or have these articles in their possession. Students who do not comply with the district dress code will be asked to change or remove the inappropriate article of clothing and/or be given a lunch detention. Student adherence to the dress code and appropriateness of student dress will be at the discretion of the school staff.

All students will be required to wear the Lisle Physical Education uniform while participating in a regular P.E. class. Students may wear sweat shirts and/or sweat pants on the outside of their uniform. Earrings, watches, and other jewelry **may not** be worn during class activities. Students participating in voluntary activities may be subject to more rigid standards while participating in that activity. The school dress code is expected to be followed at school sponsored activities including dances, field trips, and extra-curricular events.

The Board of Education also believes that the majority of students and parents wish the Board to maintain certain regulations for those special times when a student or a group of students is representing the Lisle Schools and community. At these times dress and grooming regulations should be set by the sponsoring teacher or teacher and administrators.
