

### **Search begins for assistant superintendent**

With Assistant Superintendent for Business Affairs George Attaway set to retire at the end of June, the Lisle School District 202 Board of Education approved Oct. 16 a contractual service agreement with a local consultant to begin the search process for a new assistant superintendent. Robert Strande, former business manager for Glenview School District 34 and Palatine School District 15, was hired to assist the Lisle school board in conducting the search, which will include compiling a comparative salary study of similar positions in the Chicago area.

### **School district plans to connect two schools to city water**

Lisle School District 202 plans to connect Schiesher Elementary School and Lisle Junior High School to the Village of Lisle's water service at a future date. Although the village did not waive the fees, it did maintain pre-Oct. 1 connection fees, which will be approximately \$63,640. At its Oct. 16 meeting, the Lisle School District 202 Board of Education gave its approval to school administrators to notify the village that the two schools will be connected at some point in the future. The Village of Lisle Board of Trustees approved the connection at its Oct. 2 meeting and is allowing the school district a five-year deferred payment plan for the connections.

### **School district debuts new look for Web site**

Parents and community members can receive information about Lisle School District 202 when they sign up for the district's new e-news. The school district debuted a new look for its Web site on Oct. 16 and offers an e-news service called "What's New in 202." In addition to the latest school district news that will be delivered to their e-mail addresses, the interactive Web site allows parents to view their students' grades. Students in grades 6-12 also can access their grades and course information through the Intranet service called "Blackboard" that was implemented earlier in the school year.
